

Resolution 18-31

A RESOLUTION OF THE CITY OF ROSWELL SUPPORTING THE UPGRADE OF HOBSON ROAD, FROM EARL CUMMINGS LOOP TO THE EAST SIDE OF U.S. HIGHWAY 285.

Whereas, the Roswell International Air Center (RIAC) is a significant economic impact on southeast New Mexico; and,

Whereas, RIAC represents an important diversification of the economic activity of the State of New Mexico; and,

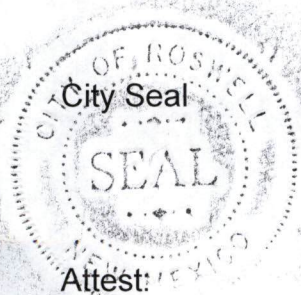

Whereas, the need to easily, efficiently and safely move goods and people into and out of RIAC is a critical aspect to the success of RIAC; and,

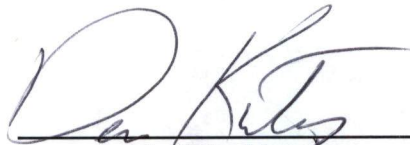

Whereas, Hobson Road from Earl Cummings Loop to the intersection of U.S. Hwy 285 and on to the east is woefully inadequate and unsafe.

Now Therefore be resolved by the City Council as the governing body of the City of Roswell New Mexico that

1. The City of Roswell considers it a priority of the City and encourages Chaves County and the New Mexico Department of Transportation to upgrade Hobson Road from Earl Cummings loop through the intersection with U.S. Highway 285; and,
2. That the upgrade of Hobson Road include four lanes of traffic from Earl Cummings Loop to U.S. Highway 285; and,
3. That the intersection of Hobson Road and U.S. Highway 285 be fully perpendicular with complete acceleration and deceleration lanes; and,
4. That the new intersection of Hobson Road and U.S. Highway 285 have full clear signage and lighting.

ADOPTED AND APPROVED this 14th day of June, 2018, CITY OF ROSWELL, NEW MEXICO.

Dennis Kintigh, Mayor

Sharon Coll, City Clerk
