Louis J. Medrano, District Engineer
State Highway Department

Roswell, New Mexico 88201

Dear Mr. Medrano:

I understand that Mr. Smelser of your staff has been discussing with Messrs. Fresquez and McConvery of the City staff a plan for the transfer of certain responsibilities from the New Mexico State Highway Department to the City in consideration of enhanced signalization on U. S. 285, Roswell's Main Street. Basically, this plan involves the Department abandoning, and the City assuming responsibility for the following roadways:

State Road No. 253
Atkinson Avenue - U. S. 380 (Second Street) to College Boulevard
State Road No. 397
McGaffey Avenue - Sunset Avenue to U. S. 285 (Main Street)
Sunset Avenue - U. S. 70/380 (Second Street) to McGaffey Avenue
State Road No. 431
Berrendo Road - Atkinson Avenue to Montana Avenue
Country Club Road - Montana Avenue to U. S. 285 (Main Street)
Montana Avenue - Berrendo Road to Country Club Road

Said roadways will be eligible for MAP and Co-op funding assistance.

The plan also involves the New Mexico State Highway Department expediting the following signalization improvements on U. S. 285 (Main Street):

Signalize the Berrendo Road intersection
Signalize the Pine Lodge Road intersection
Improve the signalization at the Country Club Road intersection
by providing left-turn lights

It is expected by the City that installation will be completed by October 1st of this year.

If the foregoing is acceptable to the Department and Commissioners, I am convinced that the Roswell City Council will readily approve same.

Cordially,

James B. Whitford,
City Manager
